This program provides access to a quality preschool program, and is based on funding availability from the State Legislature. In the past, the Statewide Voluntary Preschool Program paid tuition for preschool sessions for 4 year-olds at area preschools. **There will be possible cuts in the state funding of this program during the 2011-12 school year, and any cuts could affect the structure of our program. We will inform the public of any changes in the program as we receive information from the state.** Please complete this form if you would like to enroll your child. Children must be 4 years old on or before September 15, 2011 to qualify. Cardinal Elementary will also have a PM class for children who are 5 years old, but are not attending Kindergarten.
